EU DECLARATION OF CONFORMITY

OFFICIAL JOURNAL OF IN VITRO DIAGNOSTIC MEDICAL DEVICES REGULATION (EU) 2017/746

EU DECLARATION OF CONFORMITY

This Free of Charge application was designed to help manufacturers, consultants, notified bodies to keep under control the EU declaration of conformity.

The application allows you to:

- Compose in few minutes declaration of conformity compliant with applicable directives;
- Search for a standard by keyword or synonyms or filtering by directive(s);
- Get the right standards form the list of harmonised standards;
- Take under control list of products, declarations of conformity, amended declarations of conformity;
- Download declaration in word or PDF format, with your logo;
- Store all declarations on a secure server;
- Receive an alert when an harmonized standards change in the official journal;
- Automatically provide report (action list), when an official journal changes;
- Allow to work with one or more separate manufacturers;
- Take under control product made by assembly of products;
- Allow multiple users to access to the same work with different roles
- (view/edit/approve) declaration of conformity;
- Allow to add a QRCODE in the declaration of conformity so will be possible for users to check the last release of a declaration in our servers;
- Hundreds of experts are already using this software

COMMISSION IMPLEMENTING DECISION (EU) 2024/817

of 6 March 2024

amending Implementing Decision (EU) 2021/1195 as regards harmonised standards for sterilisation of health care products and packaging for terminally sterilised medical devices

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1025/2012 of the European Parliament and of the Council of 25 October 2012 on European standardisation, amending Council Directives 89/686/EEC and 93/15/EEC and Directives 94/9/EC, 94/25/EC, 95/16/EC, 97/23/EC, 98/34/EC, 2004/22/EC, 2007/23/EC, 2009/23/EC and 2009/105/EC of the European Parliament and of the Council and repealing Council Decision 87/95/EEC and Decision No 1673/2006/EC of the European Parliament and of the Council ([1]), and in particular Article 10(6) thereof,

Whereas:

(1) In accordance with Article 8(1) of Regulation (EU) 2017/746 of the European Parliament and of the Council ([2]), devices that are in conformity with the relevant harmonised standards, or the relevant parts of those standards, the references of which have been published in the *Official Journal of the European Union*, are to be presumed to be in conformity with the requirements of that Regulation covered by those standards or parts thereof.

(2) Regulation (EU) 2017/746 replaced Directive 98/79/EC of the European Parliament and of the Council ([3]) with effect from 26 May 2022.

(3) By Implementing Decision C(2021) 2406 ([4]), the Commission made a request to the European Committee for Standardization (CEN) and the European Committee for Electrotechnical Standardization (Cenelec) for the revision of existing harmonised standards on *in vitro* diagnostic medical devices developed in support of Directive 98/79/EC and for the drafting of new harmonised standards in support of Regulation (EU) 2017/746 (the 'request').

(4) On the basis of the request, CEN and Cenelec revised the harmonised standards EN ISO 11137-2:2015 on sterilization of health care products, EN ISO 11607-1:2020 on packaging for terminally sterilized medical devices, and EN ISO 11607-2:2020 on packaging for terminally sterilized medical devices (the 'standards'), the references of which are not published in the *Official Journal of the European Union*, in order to take into account the latest technical and scientific progress and the need to support the requirements of Regulation (EU) 2017/746. This resulted in the adoption of the amendments EN ISO 11137-2:2015/A1:2023, EN ISO 11607-1:2020/A1:2023 and EN ISO 11607-2:2020/A1:2023 (the 'amendments').

(5) The Commission, together with CEN and Cenelec, has assessed whether the standards and the amendments comply with the request.

([1]) OJ L 316, 14.11.2012, p. 12, ELI: http://data.europa.eu/eli/reg/2012/1025/oj

([2]) Regulation (EU) 2017/746 of the European Parliament and of the Council of 5 April 2017 on *in vitro* diagnostic medical devices and repealing Directive 98/79/EC and Commission Decision 2010/227/EU (OJ L 117, 5.5.2017, p. 176, ELI: http://data.europa.eu/eli/reg/2017/746/oj).

([3]) Directive 98/79/EC of the European Parliament and of the Council of 27 October 1998 on *in vitro* diagnostic medical devices (OJ L 331, 7.12.1998, p. 1, ELI: http://data.europa.eu/eli/dir/1998/79/oj).

([4]) Commission Implementing Decision C(2021) 2406 of 14 April 2021 on a standardisation request to the European Committee for Standardization and the European Committee for Electrotechnical Standardization as regards medical devices in support of Regulation (EU) 2017/745 of the European Parliament and of the Council and *in vitro* diagnostic medical devices in support of Regulation (EU) 2017/746 of the European Parliament and of the Council.

(6) The standards and the amendments satisfy the requirements which they aim to cover, and which are set out in Regulation (EU) 2017/746. It is therefore appropriate to publish the references of the standards and of the amendments in the *Official Journal of the European Union*.

(7) The Annex to Commission Implementing Decision (EU) 2021/1195 ([5]) lists the references of harmonised standards drafted in support of Regulation (EU) 2017/746.

(8) In order to ensure that the references of harmonised standards drafted in support of Regulation (EU) 2017/746 are listed in one act, the references of the standards and of the amendments should be included in Implementing Decision (EU) 2021/1195.

(9) Implementing Decision (EU) 2021/1195 should therefore be amended accordingly.

(10) Compliance with a harmonised standard confers a presumption of conformity with the corresponding essential requirements set out in Union harmonisation legislation from the date of publication of the reference of such standard in the *Official Journal of the European Union*. This Decision should therefore enter into force on the day of its publication,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Implementing Decision (EU) 2021/1195 is amended in accordance with the Annex to this Decision.

Article 2

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.

Done at Brussels, 6 March 2024.

For the Commission
The President
Ursula VON DER LEYEN

([5]) Commission Implementing Decision (EU) 2021/1195 of 19 July 2021 on the harmonised standards for *in vitro* diagnostic medical devices drafted in support of Regulation (EU) 2017/746 of the European Parliament and of the Council (OJ L 258, 20.7.2021, p. 50, ELI: http://data.europa.eu/eli/dec_impl/2021/1195/oj).

ANNEX

In the Annex to Implementing Decision (EU) 2021/1195, the following entries are added:

No	Reference of the standard
‘11.	EN ISO 11137-2:2015 Sterilization of health care products – Radiation – Part 2: Establishing the sterilization dose (ISO 11137-2:2013) EN ISO 11137-2:2015/A1:2023
12.	EN ISO 11607-1:2020 Packaging for terminally sterilized medical devices – Part 1: Requirements for materials, sterile barrier systems and packaging systems (ISO 11607-1:2019) EN ISO 11607-1:2020/A1:2023
13.	EN ISO 11607-2:2020 Packaging for terminally sterilized medical devices – Part 2: Validation requirements for forming, sealing and assembly processes (ISO 11607-2:2019) EN ISO 11607-2:2020/A1:2023’.
