# EU DECLARATION OF CONFORMITY

This Free of Charge application was designed to help manufacturers, consultants, notified bodies to keep under control the EU declaration of conformity.

The application allows you to:

- Compose in few minutes declaration of conformity compliant with applicable directives;
- Search for a standard by keyword or synonyms or filtering by directive(s);
- Get the right standards form the list of harmonised standards;
- Take under control list of products, declarations of conformity, amended declarations of conformity;
- Download declaration in word or PDF format, with your logo;
- Store all declarations on a secure server;
- Receive an alert when an harmonized standards change in the official journal;
- Automatically provide report (action list), when an official journal changes;
- Allow to work with one or more separate manufacturers;
- Take under control product made by assembly of products;
- Allow multiple users to access to the same work with different roles (view/edit/approve) declaration of conformity;
- Allow to add a QR CODE in the declaration of conformity so will be possible for users to check the last release of a declaration in our servers;
- Hundreds of experts are already using this software

2024/2103

1.8.2024

**COMMISSION IMPLEMENTING DECISION (EU) 2024/2103**

**of 30 July 2024**

**on harmonised standard for direct remote identification for unmanned aircraft drafted in support of  
Delegated Regulation (EU) 2019/945**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1025/2012 of the European Parliament and of the Council of 25 October 2012 on European standardisation, amending Council Directives 89/686/EEC and 93/15/EEC and Directives 94/9/EC, 94/25/EC, 95/16/EC, 97/23/EC, 98/34/EC, 2004/22/EC, 2007/23/EC, 2009/23/EC and 2009/105/EC of the European Parliament and of the Council and repealing Council Decision 87/95/EEC and Decision No 1673/2006/EC of the European Parliament and of the Council<sup>(1)</sup>, and in particular Article 10(6) thereof,

Whereas:

- (1) In accordance with Article 12 of Commission Delegated Regulation (EU) 2019/945<sup>(2)</sup>, a product which is in conformity with harmonised standards or parts thereof, the references of which have been published in the *Official Journal of the European Union*, is to be presumed to be in conformity with the requirements covered by those standards or parts thereof set out in Parts 1 to 6, 16 and 17 of the Annex to that Delegated Regulation.
- (2) By Commission Implementing Decision C(2020) 6148<sup>(3)</sup> the Commission made a request to the European Committee for Standardization (CEN) for the drafting of harmonised standards in support of Delegated Regulation (EU) 2019/945 (the 'request').
- (3) On the basis of the request CEN drafted the harmonised standard EN 4709-002:2023 addressing the direct remote identification requirements applicable to Unmanned Aircraft Systems and to direct remote identification add-ons.
- (4) The Commission together with CEN has assessed whether the harmonised standard EN 4709-002:2023 complies with the request.
- (5) Given that harmonised standard EN 4709-002:2023 does not adequately cover the requirements set out in Part 2, point (12)(b), Part 3, point (14)(b), Part 4, point (9)(b), and Part 6 point (3) of the Annex to Delegated Regulation (EU) 2019/945 concerning the capability of the direct remote identification signal to be received directly by existing mobile devices, the reference to that standard should be published in the *Official Journal of the European Union* with restriction.
- (6) Compliance with a harmonised standard confers a presumption of conformity with the corresponding requirements set out in Union harmonisation legislation from the date of publication of the reference of such standard in the *Official Journal of the European Union*. This Decision should therefore enter into force on the day of its publication,

<sup>(1)</sup> OJ L 316, 14.11.2012, p. 12, ELI: <http://data.europa.eu/eli/reg/2012/1025/oj>.

<sup>(2)</sup> Commission Delegated Regulation (EU) 2019/945 of 12 March 2019 on unmanned aircraft systems and on third-country operators of unmanned aircraft systems (OJ L 152, 11.6.2019, p. 1, ELI: [http://data.europa.eu/eli/reg\\_del/2019/945/oj](http://data.europa.eu/eli/reg_del/2019/945/oj)).

<sup>(3)</sup> Commission Implementing Decision C (2020) 6148 of 11 September 2020 on a standardisation request to the European Committee for Standardisation as regards unmanned aircraft systems intended to be operated in the 'open' category of operations in support of Commission Delegated Regulation (EU) 2019/945.

HAS ADOPTED THIS DECISION:

*Article 1*

The reference of the harmonised standard for direct remote identification of unmanned aircraft systems drafted in support of Delegated Regulation (EU) 2019/945 listed in the Annex to this Decision is hereby published in the *Official Journal of the European Union* with restriction.

*Article 2*

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.

Done at Brussels, 30 July 2024.

*For the Commission*  
*The President*  
Ursula VON DER LEYEN
